D. O. No. 62

OFFICE OF THE SENIOR SURGEON AND SANITARY COMMISSIONER WITH THE GOVERNMENT OF MYSORE.

Bangalore, Camp January 28th 1908.

C. S. Balasundram Esqr Coy 28th

Dear Sir,

Your D.O. letter of the 22nd inst. to hand - regarding the medical work at the N. M. Rly Co's mines at & around Shimoga. I apparently did not make myself clear as regards actual circumstances.

The M.M. Rly Co have a number of subordinates (European & native) at work actually on Shimoga (their headquarters) & in the mines around at distances of a few

miles from Shimoga. They have a
medical subdivision of their own
as well as a dispensary at their
Chief Station Kumsi, the medical
officer in charge is kindly of
assistance & presence &c to tackle any
serious cases of emergency &c a
task as the higher grade
officials & families - & for these
reasons (the mines manager officially) requested me to attend
the Civil Surgeon visit in
mid February towards them
for which they are prepared
& they hire me horse &

I duly carried the idea of the district understanding that it would not interfere in any way with the official duties of the Civil Surgeon at Shimoga & on subsequently myself of that requested transmitted sanction of Govt to my arranging details thus I have already done with the Asst Surg. at Shim already pointed the well a drive which this limit system will at times be called upon to give will be more or less confined to Shimoga, which

is where all the Sick & Wounded
Corps Officers live & the head
Quarters of the Main Corps
There is no necessity to
have any Mess House at
Kemmel as the Main Centre
Corps have already a well
Equipped & Staffed Clearing
Little dispensary of their own
on the spot under charge
of a Medical Officer of the
Royal Army Medical Corps type
The Civil Surgeon has practically
taken up his work with the
Corps such as it is & that Staff
there will be no difficulty in the
matter after this explanation I am
sorry I was not sufficiently explicit
in detailing the duties of the Civil Surgeon
could have made understood

To

C.S.Balasundaram Iyer Esqr. B.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

I have the honor to report that the Managing Agents of the new Mysore Manganese Co. Limited have applied for the services of a medical officer to look after the employees in the Mines at Kumsi, Shimoga District, and have expressed a desire to remunerate the officer suitably for the help rendered by him. As it is the general supervision of the Sanitation and Health of the several camps and advice on any important occasion like the outbreak of an epidemic or any serious illness or injury among the employees of the Company, that is required of the medical officer, I would propose that the District Medical and Sanitary Officer, Shimoga District, be directed to look after such cases. It would appear that the Company has arranged to have a full time Hospital Assistant on its staff located at Kumsi Mines, who will be primarily responsible for visiting the Camps at Kumsi and around, so that our District Medical and Sanitary Officer would not be disturbed from his legitimate duties in any way.

Under these circumstances, I would request the favor

favor of your obtaining the necessary formal sanction of Government to my suggestion at your earliest convenience, since the Agents are anxious to receive a reply from me as early as possible.

I have the honor to be,
